

Every year, the Professional Association of Georgia Educators Foundation, known as the PAGE Foundation, identifies top students at public and private high schools across Georgia. The foundation says its Student Teacher Achievement Recognition program, or STAR student and teacher honors, has highlighted the achievements of more than 25,000 students since it started in 1958.

The program identifies high school seniors who post the highest SAT scores for their schools and rank among the top 10 percent or top 10 students in their class in grade-point average. Each STAR student then chooses her or his STAR teacher. Once school winners are selected, regional STAR students and teachers are chosen to compete for the state title.
